LANE VENTURE®

barefoot luxury

Whether designing a personal retreat or a family gathering place, LANE VENTURE provides superior products with discerning details that are timeless and relevant for today's lifestyle. Our designs inspire consumers to create memorable outdoor spaces with confidence and style.

CASUAL SOPHISTICATION

Understated and refined outdoor spaces are effortless with LANE VENTURE. Begin your curated approach to any project by **exploring our limitless fabric options.**

SERENE & BALANCED

Having a peaceful outdoor retreat will always be in style. LANE VENTURE designs feature discerning details that are timeless and relevant for today's lifestyle allowing you to sink in and unplug.

IMPERVIOUS

Our products are specifically designed and manufactured to withstand nature's elements. **High** quality, weather-resistant materials and finishes include powder-coated aluminum, woven synthetic wicker and teak.

LANE VENTURE®

LANE VENTURE

Our products are specifically designed and manufactured to withstand nature's elements. High quality, weather-resistant materials and finishes include powder-coated aluminum, woven synthetic wicker, premium grade A teak and outdoor upholstery.

The standard cushion construction for all LANE VENTURE collections is a fiber coil core construction. The fiber coil cushion style has drain-through technology which allows water to flow in and out quickly. The all fabric casing with foam core cushion construction is available as an option and will feature fabric on top and bottom of seat cushion. Cut and sewn in Newton, NC, LANE VENTURE cushions showcase the superior craftsmanship and cutting standards for which LANE VENTURE is known, and are available in all LANE VENTURE premium solution-dyed acrylic fabrics.

LANE VENTURE CUSTOM CASUAL PRODUCTS

Using only the finest American made raw materials, the LANE VENTURE CUSTOM CASUAL product line is proudly made in the USA. This dedication to superior manufacturing ensures that we offer the highest quality and most structurally sound aluminum product in the industry. Our assortment of premium powder coated finishes offers a wide range of customization on each of our LANE VENTURE CUSTOM CASUAL collections.

Cut and sewn in Newton, NC, LANE VENTURE CUSTOM CASUAL cushions showcase the superior craftsmanship and cutting standards for which LANE VENTURE is known. Available in all LANE VENTURE premium solution-dyed acrylic fabrics, the fabric cushion casings will then be sent to our facility in Haleyville, AL where they are filled and paired with their corresponding custom aluminum frame and packaged for shipment. The finished piece will ship complete from Haleyville, AL.

ALUMINUM Custom casual

ALUMINUM

OUTDOOR UPHOLSTERY

As a casual industry leader, LANE VENTURE offers outdoor fashions made to inspire homeowners everywhere, and the beautifully designed selections include the work of several designers and licensing partners. The Ernest Hemingway collection embodies the eclectic, well-traveled and elegant lifestyle that is as unique as the character of the original icon that inspired the designs. Explore the broad array of well designed collections by LANE VENTURE to create your own original outdoor space.

Using only the finest American made raw materials, the LANE VENTURE Custom Casual product line is proudly manufactured in the USA. This dedication to superior manufacturing ensures that we offer the highest quality and most structurally sound aluminum product line in the industry. Every LANE VENTURE Custom Casual frame goes through an elaborate, multi-step, pre-treatment procedure before being individually completed in a state-of-the-art power-coat finishing process. This pre-treatment step assures proper coverage over the entire frame for a clean, durable look that will provide many years of enjoyment.

LANE VENTURE aluminum products are constructed of superior extruded powder-coated and cast aluminum. Fixtures and jigs specially designed for each collection are used to assure uniform frame sizing during production. Such measures of quality ensure strong, durable and comfortable frames.

Every aspect of LANE VENTURE outdoor upholstery features elements that allow continuous airflow, quick drying, performance and durability. Each interlocking, engineered frame is constructed from multiple layers of premium outdoor Baltic birch plywood that is made in the USA and coated in an outdoor finishing material. Stainless steel hardware is used in all construction points.

TEAK

WOVEN

DECORATIVE PILLOWS & ACCENTS

FABRICS

Slow-growing and plantation-raised, LANE VENTURE uses only the finest grade of this most valuable tropical hardwood for its beautiful furniture. Kiln drying and hand-crafted construction techniques, including doweled mortise, finger joinery, and box joints, ensure that your product will hold up even after prolonged outdoor exposure. All of our teak is responsibly harvested from reforested teak plantations.

Each piece of our woven product is hand woven by experienced artisans over a strong powder-coated aluminum frame, and LANE VENTURE products feature the highest grade of durable, UV-resistant polyethylene (PE) fibers. Fixtures and jigs specially designed for each collection are used to assure uniform frame sizing during production.

All of our decorative toss pillows are made with an encased 100% WeatherMaster gel fiber that is weighed and hand-filled to exacting standards required of outdoor products. This WeatherMaster gel fiber has a "down-like" feel and hand. All of our special order pillows are available in a variety of sizes and can be embellished with self-welt, contrasting welt, and COM fringe and cord options. Pillows are standard with zippered closure.

Full of vibrant colors and graphic patterns, the vast assortment of leading edge stylish and exclusive fabrics from LANE VENTURE will bring a fresh perspective to creating personal style for any outdoor setting. Designed to be cleanable and durable for many years of enjoyment, 100% solution-dyed acrylics by well-known brands such as Sunbrella™ and Outdura™ set the standard for performance in outdoor fabrics. Offering superior resistance to mold, mildew and fading from normal exposure to the elements, fabrics from LANE VENTURE will inspire you to live outdoors with confidence and style.

COLLECTIONS

HEMINGWAY

HEMINGWAY ISLANDS 5531 SERIES

COLLECTION

Ernest Hemingway reveled in both the simplicities of life and its extremes.

A talent for writing and insatiable thirst for adventure drew this twentieth-century war correspondent, novelist,

and avid sportsman to

some of the world's most beautiful, exotic, action-filled settings.

In Paris, Milan, Pamplona, Kenya, Key West and Havana, he captured the events of his time in a straightforward writing style

that belied the complexities underlying his life and work.

Inspired by its namesake, The Ernest Hemingway Collection marries romantic notions, simple forms and exotic details in an expansive collection that honors the many faces of the Nobel Prize-winning author's legendary life.

OUTDOOR UPHOLSTERY

Luxurious comfort is part of every piece of LANE VENTURE furniture, and outdoor upholstery is no exception. Inspired by the innovative seating seen only at high-end resorts and world-class hotels, our design team seamlessly blends casual styling with tailoring details typically found only in indoor product line and is proudly manufactured in the USA. Overall proportions reflect today's lifestyles and latest fashion and take relaxation to a new level. Interpreting your personal style couldn't be easier.

FABRICS, DECORATIVE PILLOWS & FABRIC ACCENTS

CREATE A DYNAMIC AND CUSTOM LOOK TO ANY OUTDOOR ROOM WITH LAYERS OF COLORFUL FABRICS Full of vibrant colors and graphic patterns, the vast assortment of leading edge stylish and exclusive fabrics from LANE VENTURE will bring a fresh perspective to creating personal style for any outdoor setting. Designed to be cleanable and durable for many years of enjoyment, 100% solution-dyed acrylics by well -known brands such as Sunbrella and Outdura set the standard for performance in outdoor fabrics. Offering superior resistance to mold, mildew and fading from normal exposure to the elements, LANE VENTURE fabrics will inspire you to live outdoors with confidence and style.

PILLOWS

Pillow Trim Options

All of our decorative toss pillows are made with an encased 100% WeatherMaster gel fiber that is weighed and hand-filled to exacting standards required of outdoor products. This WeatherMaster gel fiber has a "down-like" feel and hand. All of our special order pillows are available in a variety of sizes and can be embellished with selfwelt, contrasting welt, and COM fringe and cord options. Pillows are standard with zippered closure.

PRODUCT CARE

Cushions

OUTDOOR CUSHION CHOICES

The single element that ties all LANE VENTURE outdoor collections together is the unmatched superior seating that combines a variety of features making it comfortable, functional, durable and easy to clean. LANE VENTURE seating items are available with fabric cushions that feature a bottom drain cloth or all fabric covers. Because we understand that comfort is different for everyone, we offer two cushion core options so that LANE VENTURE will always be the best seat in the house. We strive to provide unsurpassed luxurious comfort that is easy to clean while staying durable and beautiful.

FIBER COIL CUSHION

- Promotes fast drying times.
- Fiber materials do not retain moisture, fights mold and mildew growth.
- Features fiber wrap around high-grade spring coil for supportive comfort.

FOAM CUSHION

- High density polyurethane wrapped in water-resistant ticking.
- Ticking has sonically welded seams that keeps out water and promotes breathability.
- All materials are treated with anti-microbial to resist mold and mildew growth
- Layered fiber pillow top provides plush, breathable comfort.

CARE & MAINTENANCE- FABRICS

At home cleaning is simple to maintain a fabric's fresh appearance. However, if cleaning requires the assistance of a professional cleaner, be sure to inquire about a firm's experience working with outdoor fabrics and knowledge of cleaning and re-treatment requirements.

REMOVING MOLD AND MILDEW

LANE VENTURE fabrics do not promote mildew growth: however, mildew may grow on accumulated dirt if it's not removed from the cushions. To remove mold or mildew:

- Prepare a solution of 1 cup of bleach and one fourth cup mild soap per gallon of water.
- Spray on entire area and allow to soak into the fabric for 15 minutes.
- Clean entire surface area with a sponge, clean towel or very soft bristle brush.
- · Rinse thoroughly to remove all soap residue.
- Air dry. DO NOT PUT CUSHION CASING OR SLIPCOVER IN A DRYER.
- For severe mold/mildew growth, bleach quantities may be increased.
- It is best to clean the entire surface area of the fabric to avoid water rings and stains.

Outdoor Upholstery

FRAME CONSTRUCTION

Every aspect of LANE VENTURE outdoor upholstery features elements that allow continuous airflow, quick drying, performance and durability. Each interlocking, engineered frame is constructed from multiple layers of premium outdoor Baltic birch plywood that is made in the USA and coated in an outdoor finishing material. Stainless steel hardware is used in all construction points.

CARE & MAINTENANCE - SLIPCOVERS AND FULLY UPHOLSTERED

Regular cleaning is the best way to keep cushions and fabrics looking good. Periodically brush off dirt before it becomes embedded in the fabrics and wipe up spills immediately for best results. When you have a new stain, try this cleaning method first.

- Blot (don't rub) liquid spills with a clean, dry cloth. For oil-based spills, apply an absorbent such as corn starch, then remove with a straight edge.
- Spray on a mild cleaning solution of soap (such as Dawn or Woolite) and water: use a sponge or very soft bristle brush to lightly agitate the stain.
- · Rinse the fabric thoroughly to remove all soap residue.
- Air dry. DO NOT PUT CUSHION CASING OR SLIPCOVER IN A DRYER.

PRODUCT CARE

Aluminum

FRAME CONSTRUCTION

Lane Venture aluminum products are constructed of superior extruded and cast aluminum. Fixtures and jigs specially designed for each collection are used to assure uniform frame sizing during production. Such measures of quality ensure strong, durable and comfortable frames.

FINISH

Protected by the latest powder-coat finish technology, all LANE VENTURE finishes are applied over premium grade aluminum. Continuous testing for the life of a collection in our on-site weathering facility allows us to develop maximum protection from the effects of sunlight, temperature and environmental factors.

CARE & MAINTENANCE - FRAMES

Minimal maintenance is required to keep your aluminum furniture looking fresh. Periodically wash with soft cloth, mild soap and water. Rinse well. Dry with a soft towel or let air dry. Avoid harsh abrasive cleaners.

Woven

FRAME CONSTRUCTION

Each piece of synthetic wicker is hand woven by experienced artisans over a strong powder-coated aluminum frame. Lane Venture products feature the highest grade of durable, UV-resistant polyethylene (PE) fibers. Fixtures and jigs specially designed for each collection are used to assure uniform frame sizing during production.

FINISH

By combining synthetic fibers of differing textures and unique colors during the weaving process, LANE VENTURE is able to achieve a unique richness and depth that gives each collection the look and feel of a natural product. And since the color goes all the way through the fiber, you can be assured that it will remain consistent for many years.

CARE & MAINTENANCE - FRAMES

Minimal maintenance is required to keep your hand-woven synthetic wicker furniture looking fresh. Periodically wash with soft cloth, mild soap and water. Rinse well. Dry with a soft towel or let air dry. Avoid harsh abrasive cleaners.

Teak

FRAME CONSTRUCTION

Slow-growing and grade A plantation-raised, LANE VENTURE uses only the finest grade of this most valuable tropical hardwood for its beautiful furniture. Kiln drying and hand-crafted construction techniques, including doweled mortise, finger joinery, and box joints, ensure that your frames will hold up even after prolonged outdoor exposure.

FINISH

Teak is a low maintenance wood, and we recommend that you allow your furniture to age naturally. Its close, tight grain and abundance of natural oils make teak hard- wearing and highly resistant to rotting, sunshine, snow and rain. After prolonged exposure, teak's original golden honey color will begin to transition to a soft and silvery gray.

CARE & MAINTENANCE - FRAMES

Minimal maintenance is required to keep teak wood looking good. Periodically clean your furniture with a teak cleaner, available through your local LANE VENTURE retailer. Because of the high oil content of this wood, teak shouldn't be painted or sealed: it won't adhere properly and will eventually peel off. If you wish to keep the warm golden color of new teak, you will need to routinely re-apply a teak sealer for continuous coverage.

NOTES

LANE VENTURE®

Ultimate In Luxury Outdoor Design & Comfort

- Products designed by industry renowned designers, architects and interior designers.
- Best in class comfort and scale
- Utmost attention to detail, finishes, and tailoring

Industry's Leading Curated Line Of Exclusive Fabrics

- On-trend stocked fabrics woven by leading industry mills.
- 75% of our fabrics are our own exclusive designs, unavailable to anyone else in the industry

Superior Cushion Comfort Made in USA

FIBER COIL CUSHION

- Promotes fast drying times.
- · Fiber materials do not retain moisture, fights mold & mildew
- Features fiber wrap around high-grade spring coil for supportive comfort

FOAM CUSHION

- High density polyurethane wrapped in water-resistant ticking.
- Ticking has sonically welded seams that keeps water out and promotes breathability.
- All materials are treated with anti-microbial to resist mold and mildew growth.
- Layered fiber pillow top provides plush, breathable comfort.

Industry Leading Cutting & Sewing Standards

• Fabrics with distinct design repeats are centered and "Flow-matched" across seams and borders

A tailoring skill set known only to premium indoor designer upholstery lines.

We Accept Designer COM Fabric On All Cushioned Products

Industry Leading Warranty

- 15 year warranty on all Aluminum frame construction
- 5 year on Wicker, Wood and Teak construction
- 3 year warranty on finish / color fastness
- 2 year warranty on fabric & cushior
